

**The Crescenta Valley Drug and
Alcohol Prevention Coalition
&
Glendale Police Department
Town Hall Meeting**

North Area
(Glendale / Montrose / La Crescenta)

September 15, 2010 at 6 -7:30 P.M.

Verdugo Hills Hospital
Council Rooms – 4th Floor Lobby
1812 Verdugo Blvd., Glendale, Ca 91208

**Join Chief Ron DePompa of the Glendale Police Department
and members of his staff for an informative meeting.**

- Chief DePompa will touch on marijuana and its impact upon our community. *Proposition 19 is poorly worded and would create havoc for our communities already dealing with issues of substance abuse.*
- A presentation on pain medication that is readily available in almost every home. *The Office of National Drug Control Policy out of the White House just released information on the staggering 400% increase and now has become one of the nation's worst problems amongst teens.*
- A presentation & display of drug paraphernalia, which drugs are used with certain paraphernalia, which drugs are the most prevalent, and signs and symptoms of drug use. *See first hand how drugs are used and manipulated with devices you would have never known.*
- An update of the activities planned by the Crescenta Valley Drug and Alcohol Prevention Coalition
